	White, Ian	Urban Mapping, Inc	5/24/2013	Hello Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request access to and copies of data FY 2009 - 2012 EEOC Charge Receipts by State (includes U.S. Territories) and Basis by address. State level data is available at http://www1.eeoc.gov/eeoc/statistics/enforcement/charges_by_state.cfm but this is a very coarse level of analysis. If data cannot be provided by address, I request that you provide it at the lowest level of geographic aggregation, for example, block group, ZIP code, county, or similar. I agree to pay reasonable duplication fees for the processing of this request. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance.	Granted/Denied in Part	7/17/2013

8202014190411	Druhan, Virginia	Vanderbilt University	10/28/2013	Dear Ms. Garner: I am writing to make a request for data under the Freedom of Information Act. I am conducting research on sexual harassment as well as on other forms of employment discrimination. I would very much appreciate receiving the following data concerning charges and resolutions of claims filed with the EEOC for all claims filed between 1980-1990 (or as many years available in that time period): Unique ID Date of receipt Date of closure type Office handling complaint Receiving office (name of agency and whether EEOC office or FEP) EEOC staff initials or code Most recent Processing Category Code Statute Basis Issue (Type of discrimination and defenses) Respondent location information (city, county, state) NAICS code (or industry category if not available) Respondent institution type (private employer, government agency, etc.) Retaliatory action that occurred Charging party demographic information (race, sex, national origin, age) Benefits information (monetary benefits, number of people benefited, type of benefits obtained) Litigation information (court filing date, court name, Civil Action number, and results of litigation) Binding Arbitration Information Type of disability if ADA case I would appreciate receiving these data in a machine readable format such as a spreadsheet or text format. 8202014190511	(b)(3)(A)(i) & (b)(7)(C)		10/29/2013	I would like to know the percentage of union employees by race. I am particularly interested in building and construction trades unions. (This is related to an important DOL rules revision around EEO in apprenticeships.) I have been unable to find a summary of nationwide statistics from EEO-3 reports online. Does that report or website exist? If so, that may answer my question. If it does not exist, I'd like to have access to the raw data from the EEO-3 reports. I would guess there are tens of thousands of EEO-3 reports each year, so I am referring to a spreadsheet with this raw data, rather than copies of the individual reports. (It would be great if I could distinguish building trades unions from, say, the actors and writers unions. I'm not sure how to do that without seeing the data codes.) 	Rose, Joshua	Tully Rinckey, LLP	10/31/2013	Please advise whether there is a way to view EEOC opinions in federal sector appeals that have been issued in the most recent week/month/quarter.
